

**Hi Everyone**

**After doing some research I found a rocket club that is willing to let us join for \$6.00 per person for the year. The name of the club is CENJARS and they are located in Manasquan New Jersey. They launch rockets once a month and have monthly meetings as well. The benefit of joining an existing club would be that we would not have to come up with launch locations, file permits, insurance coverage, strict enforcement of NAR safety codes are enforced at all meets, you will receive guidance from experienced club members, get the opportunity to participate in contests that are club sponsored and NAR sponsored (TARC is a national contest where they can earn money prizes for school)... Rocketry is much more fun when done with a group. If you are an existing member and would like to reregister please fill out form below as well.**

**If you are interested please fill out the form below and enclose a check made payable to CENJARS.**

**New Member  Reregistering**
