

Campfire Program Planning

How to use this worksheet: Be sure that every feature of the campfire program upholds Scouting's highest traditions.

1. The current Program Patrol will plan the campfire program.
2. The Program Patrol will hold a campfire planning meeting (preferably on the Monday night prior to the campout) where they will decide who will be Master-of-the-Campfire. They should also complete the top of the Campfire Program form on the opposite side.
3. On the Campfire Program Planner (below), list the name, type (skit, song, story, etc.), and description of the routine that each participant has planned.
4. The master-of-the-campfire organizes the skits, songs, and stories in a good sequence by assigning a spot number to each. Consider timing, variety, smoothness, and showmanship when creating the campfire program.
5. The master-of-the-campfire fills in the Campfire Program sheet (over).
6. Turn the completed form into the SPL for approval by noon on the day of the campfire. The SPL and SM will approve the program or return to the MC for revisions. The final Campfire Program should be approved at least 2 hours prior to the start of the campfire.
7. Copies of the program are given to all participants.
