Scout Purchasing Food _____

Total Money Collected _____

Total Money Spent _____

Difference Plus- _____ Minus- _____

Camp-out Money Procedure

Patrol Leader gives collected money to the Scout that is purchasing food. Any money left over is given back to the Patrol Leader and he puts it into an envelope for future use. If scout spends more money than collected, money is taken out of the envelope and the scout is given the difference. If no money is in the envelope Patrol Leader collects the difference from the scouts that went on the camp-out. Patrol Leader should round out the difference collected from each scout to the nearest dollar to cover the money owed to the scout.(example-scout owed \$9 and 5scouts went on camp-out---Patrol Leader should collect \$2 from each scout that went on the camp-out and put the \$1difference into the envelope.) At the end of the camping season in June the monies left in the envelope will be used for any replacement of broken patrol box items caused by MISUSE .All other monies will be divided among the scouts in the patrol.
